Stillings, William E. Fox, & Malcolm B. Hale Fish protein concentrates have been used in various parts of the world for several centuries. It has only been within the past 30 years, however, that the production of FPC has been investigated on a scientific basis. fish protein concentrate from whole fish was initiated. The purpose of the program was to help alleviate the protein malnutrition that seriously affects majority of the world's population and at the same time provide stimulus to the fishing industry. The utilization of fish for this program is generally accepted because there are unlimited whole fish and a partially soluble product prepared from presscake through the use of enzymes.

INTRODUCTION Fish protein concentrates (FPC's) are made by processes which concentrate fish protein into a more stable form. As a form of animal protein, FPC's can supplement vegetable proteins very effectively. Fish protein concentrate (FPC) is defined in various ways. One of these is "Fish protein concentrate is any low cost, stable, whole some product of high nutritive quality, hygienically prepared from ... (Fougere, 1962 and Pariser, 1963), haddock (Guttmann and Vandenheuvel, 1957), hake (Caiozzi et al., 1968), men ... Oct 15, 2021 · Fish Protein Concentrate-Ernst R. Pariser 1978 Fish protein concentrate&-FPC&-was widely publicized during the late 1960s as the most promising of a number of "technological fixes" for ridding mankind of the curse of malnutrition. FPC, a stable protein supplement of high nutritive value and low caloric content prepared from whole, edible ...
